

JEFF JOHNSON

BOWLING RESUME

LEADERSHIP SKILLS

- Honesty- I believe honesty should be the number one skill that a board should have
- Transparency- Communication is a must with an organization
- Thrive in group environments- I love to work in teams and help build each other up for the better of the organization

THE GREAT GAME

Bowling is not just a recreational sport but a community. I want to see this great sport reach the next generation. I know that I can help them to see the game in the same beautiful way I do. I have grown as a bowler though the community that I have been in since high school. I hope to bring that same community to the next group of bowlers that step foot on those beautiful lanes.
